lagued by escalating crime, poverty was tough to find good education for girls in a safe environment in the Khayelitsha township. This is no longer the case as Molo Mhlaba is steadily closing the gap by offering

quality education that can set girls up for life.

Headed up by Dr Rethabile Sonibare, Molo Mhlaba and inequality, it which means 'hello' world in English - opened its doors with a mere handful of learners aged between three and six in January 2018. A short ten months later, it has 38 foundation phase learners in its charge.

Inspired by the Montessori approach and a fun, playful and creative environment, the school provides quality science, technology, engineering, art and design and maths (STEAM) education, through innovative teaching and learning strategies, by teachers from the community. It is a dual English and Xhosa medium school.

"As a STEAM school, we offer subjects such as robotics and coding to three and four year olds," Dr Sonibare
